

Project Update: *Staff Focus Group*

“Your Experiences At Work”

Why are we holding Staff Focus Groups?

As part of the Residential Care for Me project, we want to learn more about your experiences working in residential care.

In February 2015, focus groups will be held at each site to provide the opportunity for all staff members to share their thoughts, feelings and ideas on what residential care is like now, and how we can make it better.

This is just one of many research activities we’re doing to help us better understand the joys and challenges of working in residential care at Providence Health Care.

When will it take place?

Date:

Time:

Location:

How do I get involved?

There is no need to sign-up to participate in the Staff Focus Group at your site, all you need to do is show up. Staff participation and partnership is key to the success of the Residential Care for Me project, but attendance is optional.

Who do I contact if I have more questions?

Please speak with your Site Operations Leader if you have any questions about the Staff Focus Group activity.

The Site Operations Leader at _____ is _____ and can be reached by

Phone:

Email:
