

How you want to be treated.

Memorandum

To All LTC and Assisted Living Staff

From Ashley Payne, Site Manager, Brock Fahrni; Bhavan Manhas, Program Director Long-term Care and Assisted Living; Sutinder Kaba, Director Resident Experience;

Date August 28, 2021

Re. Change in Single Site Order Protocol for Brock Fahrni to Enable Staffing Shifts

There is an urgent and immediate need for filling staffing shifts at Brock Fahrni.

Brock Fahrni's 3rd floor is currently designated as a COVID Outbreak. In order to support safest staffing levels during this Outbreak, please be advised that the Medical Health Officer has changed the Single Site Order for Brock Fahrni. Long-term care staff from all Providence sites, including the staff on 4th floor Brock Fahrni, are allowed to work on the Magnolia and Meadow Lane neighbourhoods on the third floor of Brock Fahrni.

Staff who work on the Peach Tree neighbourhood on the third floor of Brock Fahrni will only be able to work at that location.

Staff are urged to strongly consider picking up shifts when contacted by staff scheduling.

Thank you for your continued commitment to resident care and for helping to address our current staffing needs.
